## April 2026 Membership Spotlight

**Jennifer Smith, PE**  
**Project Manager**  
**GHD**

Jennifer Smith is a Project Manager at GHD Inc., overseeing water and wastewater infrastructure projects. She is especially proud of the projects completed to enhance the greater St. Louis community, where she has lived her entire life.

Jennifer holds a B.S. Chemical Engineering from Missouri S&T and M.S. Environmental Engineering from New Mexico State University and is a registered professional engineer in Missouri and Illinois.

Jennifer has accumulated over twenty-five years of experience in engineering, project management and business development within the environmental engineering sector, serving municipal and private utilities, government, and industrial clients throughout the United States. Her portfolio encompasses planning, design, modeling and acquisitions for water, wastewater, stormwater, water resources and environmental remediation projects.

Jennifer is a member of AWWA, ACEC and is currently serving the Engineers' Club of St. Louis on the Board of Directors and the Jake Jare Golf Tournament committee. She also holds the position of Education Committee Chair, where she is committed to facilitating member discussions regarding engineering trends and projects in St. Louis.

Jennifer and her husband, Jeff, also a Missouri S&T engineering graduate, have been married for over twenty years, and have three children. She is a dedicated advocate for T1D awareness and Breakthrough T1D. In addition to coordinating an annual OneWalk team, she enjoys spending time with family and friends, hiking the local trails and traveling.
